**The International Network of Analytical Sociologists  
invites you to the:**

# **5<sup>th</sup> ANALYTICAL SOCIOLOGY CONFERENCE**

**JUNE 8-9, 2012**  
**NEW YORK – Columbia University**

We believe that sociology is at its best when theoretical explanations encounter data to solve real world puzzles. We invite submissions that make theoretical and substantive contributions to sociological knowledge. We welcome qualitative and quantitative approaches, social network analysis, experimental methods, computer simulations and any other method that allows for the study of social mechanisms and complex social dynamics.

Send submissions to [inas.ny2011@columbia.edu](mailto:inas.ny2011@columbia.edu) by April 2, 2012, including (a) paper's title; (b) author(s)'s name, affiliation, and email address; (c) long abstract (min 500 – max 1000 words); (d) short bibliography.
